For Immediate Release

“Outstanding Urban Design in 2009”

Prince George, BC - The City of Prince George – Advisory Design Panel congratulates the Prince George Gateway Residential Care Facility and the Prince George Friendship Lodge for the Outstanding Urban Design of their Development Projects in 2009.

1. The Prince George Gateway Residential Care Facility is a 14,000 sq m structure housing 94 complex care beds and 81 assisted living units. Building and site design was by Neale Staniszki Doll Adams Architects
2. The Prince George Friendship Lodge is a LEED Gold designed 1500 sq m, 30-unit transitional housing development. Building and site design was by Boni-Maddison Architects.

Each year, the Advisory Design Panel reviews completed development projects and recognizes those that stand out with respect to urban design. The Panel concluded that the Gateway Care Facility and the Friendship Lodge are fine examples of quality residential development. Further design and development that is comparable is encouraged.

Throughout the year, the Design Panel endeavours to promote quality urban design and well-planned development in the City. The Panel reviews development proposals with due regard to public health, safety, convenience, climate, accessibility, and aesthetics.
